

## Technical Data Sheet

**Product Name:** Professional PF680 Smooth Black Clay

**Product Number:** P1504

**Product profile:**

**Firing Range:** 1080°C -1260°C

**Colour:** Black

**Texture:** Smooth Texture

**Bag Size:** 12.5kg

| Chemical Analysis % |            |
|---------------------|------------|
| Chemical            | Percentage |
| Sio2                | 45.94      |
| Tio2                | 1.48       |
| AL2O3               | 30.96      |
| Fe2O3               | 6.62       |
| P2O5                | <>         |
| CaO                 | 0.44       |
| MnO                 | 6.26       |
| K2O                 | 0.50       |
| Na2O                | 0.08       |
| K2O                 | 0.57       |
| LOI at 1025°C       | 7.01       |
